SUMMARY

Motivated Full Stack Developer, eager to participate in innovative projects and to utilize my technical and methodological skills.

EDUCATION

Horizon School of Digital Technologies

Bachelor of Software Engineering

Sousse, Tunisia

2023 – 2026

TECHNICAL SKILLS

Programming Languages: JavaScript, TypeScript, C#, Java, Python, C

Frontend: Angular, React.js, HTML, CSS

Backend: ASP.NET Core, Node.js, Express.js, REST APIs

Databases: SQL Server, MongoDB, PostgreSQL, MySQL

Tools & DevOps: Git, GitHub, GitLab, Docker

Security: JWT Authentication, Role-Based Access Control (RBAC)

Other: SignalR, Entity Framework Core, Microservices Architecture

EXPERIENCE

Software Engineering Intern (Final Year Project)

Feb 2026 – Jun 2026

L'EPI D'OR

Sousse, Tunisia

- Architected two decoupled microservices: a dedicated Identity & Access Management service and a core Delivery & Task Management service, ensuring separation of concerns and independent scalability.
- Built a Progressive Web App (PWA) using Angular integrated with ASP.NET Core (.NET 9) APIs, leveraging SignalR for real-time driver tracking and coordinator notifications.
- Secured APIs using JWT, Role-Based Access Control (RBAC), and mitigations against Broken Object Level Authorization (BOLA) vulnerabilities.
- Containerized all microservices using Docker & Docker Compose and performed load testing to validate system reliability under stress.

Full Stack Development Intern

Jul 2025

L'EPI D'OR

Sousse, Tunisia

- Engineered a full-stack user management application using ASP.NET Core, Angular, and SQL Server.
- Implemented JWT authentication and role-based authorization for secure access control.
- Developed and consumed RESTful APIs using ASP.NET Core.
- Integrated Angular HTTP interceptors to improve authentication handling and client-server communication.

PROJECTS

Employee Management System | *React.js, Node.js, Express.js, MongoDB*

- Developed a full-stack CRUD application for managing employee data, departments, and roles.
- Implemented authentication and authorization mechanisms to secure application access.
- Built a responsive React frontend integrated with a Node.js/Express backend API.

LANGUAGES & INTERESTS

Languages: Arabic (Native), English (Fluent)

Driving License: Category B

Interests: Calisthenics, Chess
